

GROUP LEADER PROGRAMME

We appreciate how much work each Group Leader puts into The Masters, and it is important for you to have some time to relax and meet other leaders. After last year's success, this year we have put together an even better Group Leader programme for you!

We have tried to put together a programme to suit all interests as well as including some of the favourites from last year.

Afternoon Tea Party

Enjoy a very British afternoon with a traditional afternoon tea. Indulge in sandwiches, cakes and of course, scones with cream and jam (we will leave it to you to decide which comes first!)

Wine and Cheese evening

Leave your competition worries at the door and enjoy an evening getting to know your fellow teachers over a glass of wine (or two). The wine and cheese evening is a great opportunity to meet like-minded teachers from all over the world.

Campus History Tour

Get to know where you're staying with a campus history tour, learn when your campus was built and founded and see how it's changed through the years. Discover what makes your campus special and how it became so prestigious.

Local visit

Take some time to get off campus and discover your local area with a half day trip to a nearby town. Enjoy a relaxed shopping trip or visit a local café. Your students will be left on campus with our Activity Leaders or in input sessions so make the most of a student free half day.

Group Leader Movie Night

Group leader movie night is a chance for you to enjoy a film a bit more age appropriate. Whether it's an all-out action movie or a nice romantic comedy we're sure we will have something you can enjoy!

Teacher Training

For those of you who are English language teachers this is a fantastic opportunity for further professional development and networking. It is also a great chance to meet other teachers and share experiences and best practice tips.

The Teacher Training Programme is prepared and delivered by highly qualified and experienced trainers from the Oxford International Teacher Training department. You will receive 6 hours of practical and interactive input on the latest trends and methods in ESL teaching. Past sessions focused for example on how to run projects successfully, or on the use of technology in the classroom.

You will receive a Certificate of Attendance upon completion of the programme.
