A Message from Our CEO

Opening doors to education, opportunity, and a more connected world

At Oxford International, we believe in learning without limits. Education has the power to cross borders, bring people together, and create opportunities for individuals from every background.

Our work is guided by ambition, warmth, integrity, creativity, and genuine care. These values shape the way we support our students, work with our educational agent partners, and collaborate with schools, universities, organisations, governments, and communities worldwide.

Global English language education is constantly evolving, and so are we. With the development of new programmes, innovative teaching approaches, engaging student experiences, and a growing network of centres, we are helping young English learners build the skills and confidence they need for today's world.

To our students, we encourage you to think boldly, embrace every opportunity, and believe in what you can achieve. To parents and our educational agent partners, thank you for your trust, dedication, and continued commitment to helping students transform their futures.

Our goal is simple: to make a positive, meaningful, and lasting impact on global education. And we're proud to say that we're just getting started.

A stylized, handwritten signature in black ink, appearing to read 'Lil'.

Los Angeles

Smile

Oh, and we believe
that a SMILE goes a
long way.

Greenwich

Welcome to Oxford International Junior Programmes!

At Oxford International, we bring English to life through exciting learning, new adventures, and unforgettable experiences for young students.

What makes our programmes special is the care we put into every part of the student journey. From the moment students prepare to travel for their junior programme to their final graduation celebration, and everything in between, we focus on helping them feel safe, supported, and inspired.

Through interactive lessons, cultural activities, and opportunities to explore new places and make new friends, students can build their English skills, grow with confidence, and create memories that will last a lifetime.

Our Programmes

Junior Programmes

Experience language, adventure, and lifelong friendships during one of our 31 seasonal centres.

Ages: 8–18 years

Summer camps

Oxford International Spring Competitions

Eton College
for GAC
2027!

Where Ambition Meets Adventure

Give students the opportunity to proudly represent their school, challenge their abilities, and connect with talented young people from around the world. Our prestigious Spring Academic Competitions combine academic development, friendly international competition, cultural discovery, and unforgettable experiences across England.

Global Academic Championship

Think boldly. Compete globally. Lead confidently

Designed for bright and ambitious students, the Global Academic Championship challenges international school teams through debates, presentations, problem-solving activities, and thought-provoking global topics. Students strengthen their critical thinking, public speaking, leadership, negotiation, and teamwork skills during 5 innovative competitions. The competition concludes with a spectacular awards ceremony at a world-famous London venue.

Key Facts

Groups

- Dates:** 29 March – 12 April, 2027
- Ages:** 12–16 years
- Team Size:** 10–20 students per team
- English Level:** B1+
- Programmes:** 10-night & 14-night options available
- Accommodation:** Historic British boarding school (single, twin or multi-bedded rooms, shared facilities)
- Meals:** Breakfast, lunch & dinner on campus

GBC Final at Eton College

GAC Presentation Challenge

WLE Opening Ceremony

Global Business Championship

Create the idea. Build the strategy. Make the pitch.

Inspired by Ivy League and Oxbridge MBA programmes, this high-level competition gives ambitious students an exciting introduction to entrepreneurship, leadership, and real-world business. Teams respond to an authentic business challenge, develop a complete business case, and pitch their ideas to experienced professionals. Through mentoring, market analysis, negotiation, and boardroom-style presentations, students build the confidence and strategic thinking needed for university, future careers, and entrepreneurship.

Key Facts

Groups

- Dates:** 29 March – 12 April, 2027
- Ages:** 15–18 years
- Team Size:** 6–20 students per team
- English Level:** B2+
- Programmes:** 10-night & 12-night options available
- Accommodation:** Historic British boarding school (single, twin or multi-bedded rooms, shared facilities)
- Meals:** Breakfast, lunch & dinner on campus

World Language Explorer

Explore the world. Bring English to life.

Created in collaboration with National Geographic Learning, World Language Explorer is an immersive English and environmental science competition helping students become active global citizens of tomorrow. Interactive lessons, creative team challenges, and fun excursions help students improve their English through real-world tasks while developing presentation, leadership, and global citizenship skills. Every participant receives a certificate and medal, while schools receive a plaque recognising their achievement.

Key Facts Groups & Individuals

The OI Student Experience

At Oxford International Juniors, we offer more than just another programme. We deliver experiences that will last a lifetime.

Every Oxford International Juniors student experience begins with an exciting first. A first journey abroad. A first international friendship. A first academic competition. A first moment when speaking English feels natural.

Across exciting and inspiring destinations in the UK, Canada, the USA, and Australia, students aged 8 – 18 step into the welcoming Oxford International community where every day brings something new to learn, explore, and celebrate.

A Warm Welcome

From the moment students arrive, our teams make them feel safe, supported, and ready to take on the adventure that lies ahead. From airport pick-up to a friendly induction, students become familiar with their centre, their programme, and the people who will be there for them throughout their stay.

Activity Leaders

English Comes to Life

Inside the classroom, students learn from experienced teachers who help them build their reading, writing, speaking, and listening skills through our high-quality and interactive curriculum developed in-house with creative projects, real-world communication, and engaging topics. Outside the classroom, English becomes part of everyday life. Students learn to use English while solving team challenges, interacting with staff, exploring a new city, and laughing with friends from around the world.

Students in Class

Friendships Grow

Talent shows, quizzes, sports, workshops, international nights, competitions, and team activities bring students together. As they work, compete, and celebrate together, students become more confident, discover new interests, and form friendships that cross cultures and borders.

On-Site Activity

The World Becomes the Classroom

Every city offers a new story to discover. Students visit famous landmarks, experience local culture, explore museums, interact with the local community, and take part in exciting half-day and full-day excursions. Each adventure gives them another opportunity to practise their English and see the world from a fresh perspective, free from language barriers.

Students in London

Supported Every Step of the Way

Adventure is even more rewarding when students feel safe, comfortable, and cared for. Our experienced and dedicated teams provide clear guidance, supervision, and welfare support throughout our programmes. From regular check-ins and organised activities to support whenever a student has a question or concern, we create a welcoming environment where students can enjoy every part of their experience with confidence.

Walking Tour

A New Sense of Confidence

By the end of the programme, students have gained far more than stronger English skills. They return home with greater independence, confidence, and curiosity. They have taken on new challenges, discovered what they can achieve, and created memories that they will continue thinking back to long after the programme ends.

Our Team By Your Side

Every centre is supported by a dedicated team focused on creating exceptional learning, exciting activities, and a safe, welcoming experience. From the classroom to every adventure, our staff work together to make each programme memorable and rewarding.

Centre Manager

The Centre Manager is responsible for the smooth running of the centre. Our Centre Managers are chosen for their experience, professionalism, and personalities.

Director of Studies

The Director of Studies is responsible for the academic management of the centre and ensuring the teaching and learning component of the programme is delivered to the highest possible standards.

On-Site Activities Coordinator

The On-Site Activities Coordinator assists with the activity programme, taking the lead to ensure the on-site activities are inspiring, dynamic, and enjoyable.

Student Support Manager

The Student Support Manager is responsible for all safeguarding and welfare of people on-site. They are First Aid trained and have knowledge of local medical services.

Activity Managers & Leaders

The Activity Managers & Leaders are responsible for running everything outside the lessons, such as on-site activities, meal duty supervision, and airport transfers.

Teachers

Teaching staff are responsible for planning and delivering lessons from the OI syllabus. Some centres will also have 1-2 Senior Teachers who teach 50% of the time and spend the remainder providing academic support to the teachers and Director of Studies.

Special Group Leader Programmes in the UK

We recognise the important role Group Leaders play in supporting their students. That is why we offer dedicated activities where they can take a well-earned break, recharge, and connect with fellow Group Leaders and staff.

Example activities include:

- Afternoon tea
- Coffee and doughnuts
- Cheese and wine night
- Beer and pizza night
- Movie night
- Academic presentations
- Shopping trips
- Campus-specific tours

Afternoon Tea at Christ's Hospital School

Student Welfare and Safety

Safe, supported, and cared for at every step

Student welfare is at the heart of Oxford International Junior Programmes. We understand the trust parents and educational agents place in us, which is why we have clear safeguarding procedures, trained teams, and reliable support systems in place throughout each student's stay.

From airport arrival and daily campus life to activities and excursions, we work hard to ensure every student feels safe, welcomed, and supported.

Supervision and Support

Students are supervised during lessons, activities, excursions, meals, and scheduled break times. Outside these periods, members of our team are always available to provide guidance, reassurance, or practical support.

Our Activity Leaders and Group Leaders follow clear supervision procedures during all off-campus visits and scheduled excursions. Approved student-to-staff ratios help ensure there are enough responsible adults available to focus on the safety, welfare, and needs of every student.

Help is available 24 hours a day! Students, Group Leaders, parents, and educational agents can contact our team using our dedicated 24-hour emergency number.

Edinburgh Napier University

Sparsholt College

Carefully Selected and Trained Staff

Every member of our team is carefully recruited and prepared to support young students.

Criminal record checks

- All staff members complete the required criminal record checks before beginning employment with us.

Safeguarding training

- Our teams receive safeguarding and child protection training so they understand their responsibilities and follow our policies confidently.

Support for individual students

- Students travelling without an organised group are assigned dedicated staff members who look after their welfare and help them feel part of the community.

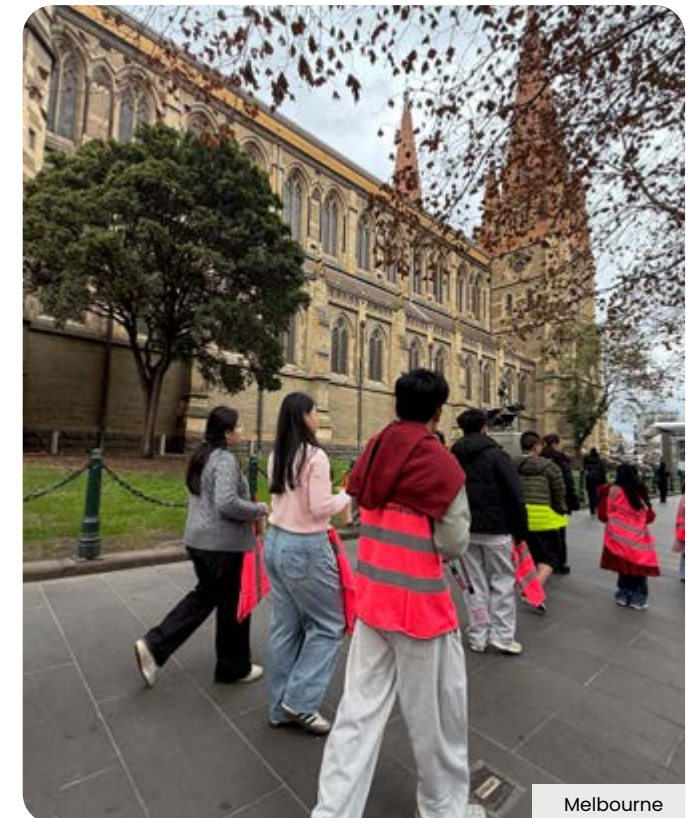

Santa Cruz Beach, CA

A Safe and Welcoming Arrival

We want every student's experience to begin smoothly and confidently. Students under the age of 18 are met on arrival by a member of our team. Our staff are easy to recognise in bright red Oxford International T-shirts and carry clearly displayed red clipboards.

They support students through the airport meeting process and help ensure a safe and organised transfer to their centre. Students also receive an Oxford International Juniors identification card containing our 24-hour emergency contact details. This allows them to be easily identified and ensures important support information is always close at hand.

Adventure with reassurance. Students can explore, learn, and enjoy new experiences, while parents and educational agents can feel confident that their safety and welfare remain our highest priority.

Melbourne

Kayaking in Vancouver

Carefully Planned Activities and Excursions

Our programmes are designed to be exciting, enriching, and safe. Every activity and excursion is carefully planned and risk-assessed before it takes place. Our teams consider potential risks, prepare appropriate safety measures, and review how students will be supervised throughout the experience.

We also maintain risk assessments for the attractions and destinations included in our programmes. These documents can be shared with parents and educational agents upon request.

Academics

Our Junior programmes combine high-quality teaching with a well-rounded curriculum designed for today's world. Through meaningful, real-life learning, students build the English skills, confidence, and communication abilities they need to succeed.

Juniors Syllabus

Our syllabus features six student books that bring English to life through engaging, real-world projects. Students strengthen their listening, reading, writing, and speaking skills while using language spontaneously across varied, meaningful contexts, building confidence and genuine communication skills rather than relying on memorisation.

About the Juniors Syllabus

- Levels: A1 – C2
- Approach: 4 Cs | Communication, Critical Thinking, Collaboration, Creativity
- Lessons: 15 hours of English lessons per week
| 3 x 1-hour lessons per day + 1 project per week
- Language is developed within engaging and real-world contexts
- Modern and engaging topics, such as reflecting on AI and social media use
- Content was developed with student & teacher feedback

Certifications

Students finish their programme with an official Oxford International Certificate of Completion, celebrating their progress, hard work, and achievements. The certificate records the programme completed, English level studied, and length of stay, creating a lasting reminder of their experience.

Additional Qualifications Available

- North America:** International English Language Testing System (IELTS) exams held at Oxford International English Schools if booked in advance.
- UK:** Trinity GESE exams held at all Oxford International Junior Programmes summer centres & year-round schools if booked in advance (minimum numbers apply).

Juniors Curricula for Every Learning Goal

Beyond our standard syllabus, Oxford International Juniors offers customised curriculum options that allow students to focus on specific English skills and themes, creating a learning experience that reflects their individual goals and interests.

English for the 21st Century

Bring English to life through engaging topics that encourage discussion, collaboration, and confident communication. Students develop their speaking, listening, reading, and writing while exploring grammar and vocabulary in meaningful, real-world contexts. Each lesson also encourages reflection, creativity, and critical thinking, helping students become more independent and effective learners.

Employability for the 21st Century*

Prepare students for the world of work with practical, career-focused English lessons. Students develop valuable skills in CV writing, presentations, job interviews, professional communication, and more. Available at all centres, this curriculum follows the same timetable as our standard syllabus, allowing groups to combine both learning options during their programme.

Academic Skills for Higher Education*

Help students prepare for the demands of university study with our comprehensive 30-hour academic English curriculum. Ideal for exam candidates, recent school graduates, and aspiring university students, this curriculum strengthens academic language, research, critical thinking, presentation, and communication skills. Students gain the practical tools and confidence needed to succeed in higher education.

***A minimum of 14 students on the same teaching timetable at the same English level is required to run a custom curriculum programme**

Students in Class

Activities: Learning Beyond the Classroom

Every day brings a new adventure. Included in our all-inclusive programmes, exciting activities and excursions help students practise English naturally, build confidence, make new friends, and create unforgettable memories.

Explore More

Iconic Excursions

Discover famous landmarks, attractions, and unforgettable destinations through exciting half-day and full-day excursions.

Cultural Discoveries

Explore local history, traditions, and cultures through guided visits and professional walking tours.

Customise Your Experience

Add optional tours, attractions, and experiences to create an even more personalised programme.

Oxford International Games

The OI Games are a highlight of our Junior Summer Camps, bringing students together for unforgettable evenings filled with challenges, celebrations, and friendly competition. From day one, students join a house team, building team spirit, new friendships, and a strong sense of belonging as they compete for victory.

Examples of fun OI Games competitions include:

OI Races

Race, balance, dribble, and cheer your team to victory through a fast-paced mix of football, tennis, relays, sack races, and more.

Obstacle Courses

Work together to tackle creative challenges using hoops, cones, parachutes, and plenty of teamwork.

Cross the River

Think fast, plan together, and use limited resources to help your whole team cross to safety.

Quiz Night

Test your knowledge, meet new friends, and compete in lively quiz rounds covering films, flags, famous faces, and more.

Oxford International Navigator

Take the adventure even further

Extend your educational journey with unforgettable visits to some of the world's most iconic destinations. We help groups make the most of their trip by adding extra cities, countries, and experiences before or after their programme.

STEM Future Academies

Helping ambitious young learners discover their future through STEM, English language, and real-world challenges

Spark curiosity, build confidence, and bring STEM learning to life at our UK year-round schools in Brighton, Edinburgh, London Greenwich, and Oxford. Students develop their English through project-based learning, explore STEM beyond the classroom, and tackle real-world challenges that develop creativity, collaboration, and problem-solving skills. Inspire the future STEM professionals of tomorrow!

New Year-Round Group programmes!

Choose your STEM Experience

LEVEL 1 – DISCOVER | English + STEM

Build confidence and curiosity through accessible STEM topics, practical challenges & project-based English learning.

LEVEL 2 – EXPLORE | English Through STEM

Go deeper into STEM through collaborative projects, problem-solving & real-world challenges.

LEVEL 3 – FUTURE | STEM + Future Pathways

Explore STEM at a higher level through more advanced projects and opportunities for university, industry & specialist experiences.

What's Included at All Levels

- 7 nights' accommodation
- Airport transfers
- 15 hours of STEM-themed teaching
- Project-based learning
- Certificate of completion
- 3 external STEM experiences (Field Labs)

Optional enhancements are available!

**Experiences vary according to programme level, availability, and group requirements.*

STEM Beyond the Classroom

Our programmes combine classroom learning with real-world STEM experiences. Each destination offers a mix of hands-on activities, educational visits, and cultural experiences that bring students' projects to life. Examples of Field Lab Days include visits to:

- National Robotarium
- Bletchley Park
- University of Edinburgh Robotics Centre

Fully customisable curricula and activity programmes available!

English+ Programmes

English+ Programmes take learning beyond language lessons by combining General English with exciting subject-focused classes and activities. Students build their English while exploring new interests, developing practical skills, and applying what they learn in real-world contexts through specialised excursions and activities.

Example English+ Programmes

- English + Leadership Skills
- English + Robotics
- English + AI
- English + Coding
- English + Football
- English + Fashion and Design

Availability of English + programmes may vary by location. Contact our team for a full list of existing English + programmes or to discuss additional subjects.
